研 究 成 果 の 概 要	<p>During the 2009 academic year, I used “koken” funds to purchase computer equipment and office supplies, and to cover travel expenses, to support work on a major book project: “The Collected Letters of Robert Frost,” which will be published by Harvard University Press. The first volume of this three-volume edition will likely appear in 2011. (I have fully executed and signed contracts for the project.) I am working on this edition together with two other scholars from America (Professors Robert Faggen & Donald Sheehy). My work on the project is ongoing and will continue over the course of the next two to three years.</p>
